**Journal's description**

---

South Asian Journal of Experimental Biology (SAJEB) is an online OPEN-ACCESS platform for the advancement and rapid dissemination of scientific knowledge in the field of biological sciences including microbiology, parasitology, biochemistry, molecular biology, physiology, pathology, health sciences, pharmacology, toxicology, biotechnology, environmental biology, food science, nutrition, agricultural sciences, botany, ethnobotany, forestry and agroforestry. The major emphasis is laid on inter-disciplinary nature of the work. The main criteria for acceptance of the articles are novelty, clarity, and significance as relevant to a better understanding of the biological Sciences. All the articles published in SAJEB are peer-reviewed by eminent international experts in their respective fields. We publish six issues a year.
